

To add a sound that is clicked to be activated

```
<A HREF="filename.wav"> Click here to hear me say 'Hello'. </A>
```

To add background sound

```
<EMBED SRC="filename.wav" AUTOSTART="TRUE" HIDDEN="TRUE"  
LOOP="TRUE">
```

---

```
<NOEMBED>  
<BGSOUND SRC="filename.wav" LOOP="-1">  
</NOEMBED>
```

---

```
<BGSOUND SRC="filename.wav" LOOP="-1">
```

LOOP = how many times sound will play. A value of INFINITE or -1 will loop indefinitely.

If you want the file to automatically play when the web page is loaded, set autostart=true, if you do not want the file to automatically start, set autostart=false.

If you want the control box to be hidden, use the hidden=true attribute.
