In the Winter

I was very surprised to find out that I won a two-week vacation to any place that I want to go! There are a lot of places that I wish to visit, so I hope that I can get too all of them in two weeks! The first place that I would like to go is Eastern Europe. There are many small countries and provinces that are neat. Romania is a small country that has villages, and some castles. There is actually an area there called Transylvania, which is where it is believed that Dracula is from. I don't really believe in vampires, but most of the people in Romania are superstitious, and believe in things that we in America don't.
